

Certificate Course on French language for beginners

Objective

It teaches the basics of French language, wherein participants can have basic conversation in French. It develops skills such as reading, listening, speaking & writing in French. Participants also learn the fundamentals of French sentence construction. It teaches how to spell and count in French. Start building a French phrase stockpile with basic greetings.

Course Content

- Greet people and introduce yourself both formally and casually
- Structure basic sentences with ease
- Situational Vocabulary
- Describe yourself and other people in both personality and appearance
- Culture & civilization of France.
- Basic grammar for sentence framing

Scope

This course helps participants to learn a foreign language (French) that is followed in 29 countries worldwide and use the acquired knowledge for further completion of levels in French language (Intermediate Level, Upper-Intermediate Level, Advanced Level). It enables students to establish basic conversation in French and get a glimpse of French culture & civilization. Participants will be able to apply the knowledge & understanding about new phrases/ sentences in day-to-day situations.

Career opportunities and Employability

French is the official language used by 29 countries of the world, cutting across five continents. French is the second most widely spoken mother tongue in the European Union, after German and English. This has led to a rise in demand for French speakers. Additional knowledge of a foreign language like French enhances the career opportunities of the participants in following fields:

- Flight attendant
- Proof reader
- International student advisor
- Military translator
- High school French teacher/ professor
- Sommelier
- Hotel manager
- Archivist
- Foreign exchange trader
